

The IVO recognized with the QH accreditation of the IDIS Foundation

- The Valencian Institute of Oncology Foundation (IVO) has been recognized with the QH (Quality Healthcare) accreditation granted by the Institute for the Development and Integration of Health (IDIS Foundation) in its VII call.
- It is a recognition with which the Institute for the Development and Integration of Health (IDIS) awards excellence in the quality of care and safety of public and private health organizations that strive to implement a progressive and continuous quality system in the time and that they have obtained the necessary certifications to provide the maximum guarantees to their processes.
